

Co-Payment Policy

Effective immediately, our office must collect the co-pay your insurance requires, prior to seeing the doctor.

Our Contract with your insurance company requires we collect the co-pay at the time of the visit. They are not obligated to pay the claim until we have collected the co-pay.

Your contract states the co-pay must be paid at the time of your visit.

If your insurance is an 80/20 plan or deductible only plan, your co-pay will be \$20.00 at each visit. This will be applied to any balance you owe per your insurance company.

Please have your co-pay ready at your appointment time. Failure to have your co-pay at the time of your visit may result in having to reschedule your appointment.

Thank You!!
